ABOUT ME

My name is Hernâni, I'm 21 years old and I'm currently taking a degree in Computer Science Engineering, having previously taken a Associate Degree in Cybersecurity, an area I'm fascinated and passionate about, always wanting to learn more about everything that involves security and IT. However Offensive Security is what attracts me the most, I have always been very interested and drawn to hacking and trying to understand how things work around me.

In my spare time I like to read, play video games, play sports, hang out with friends, learn about other scientific areas and do sports.

PROFISSIONAL EXPERIENCE

Internship at EDP

Security & IT Risk | April 2021 - August 2021

- Security Operations Center (SOC)
- Offensive Security
- Vulnerability Management
- Firewall Management
- Scripting and Security Tools Development
